

SUMMARY OF PROCEEDINGS
FRIDAY, THE 4th DECEMBER, 2015
(15th Session-3rd Sessional Year)
(29th Sitting-58th Working Day)

Proceedings of the House commenced with recitation from the Holy Quran followed by its Urdu translation at 3:55 P.M. Mr. Asad Qaiser, Speaker, Provincial Assembly was in the chair.

2. SUSPENSION OF RULE-124 UNDER RULE-240

The House deferred the agenda fixed for the day and in suspension of Rule 124 under rule 240, the following Joint resolution No. 727 moved by Ms. Anisazeb Tahir Kheli, Minister for Labour, and Minerals, and others was unanimously passed. -

Resolution No. 727

This Assembly, whole-heartedly support the fortune changer project of China Pakistan Economic Corridor (CPEC)

This Assembly believes that the dispute of the route of CPEC was amicably resolved in the all Parties Conference (APC) of 28th May 2015. Unluckily, subsequent maps of the route of Corridor issued by the Planning Commission and the allocation of funds in the Federal and CPEC budgets, prima facie, transpires that the consensus achieved on the 28th May has not been implemented in letter and spirit;

Therefore this Assembly resolves that:-

1. work on the six-lane motorway must start on the western route immediately as per decision on 28th May: 2015;
2. China- Pakistan Economic Corridor (CPEC) along with all its components such as railway, oil and gas pipeline, fiber, optic cable energy projects of electricity, LNG and transmission lines on the western route may be included. It is obvious that the industrial parks and trade zones will only be possible if we get the above components of CPEC;
3. Monographic study on highways of CPEC should be made a public-document. Similarly, the agreements between Pakistan and China should also be made public;
4. absolute transparency in the fortune changer project of CPEC should be made; and
5. Technical Training Centers must be established on the same routes for required training.

THE SITTING WAS ADJOURNED TILL 03:00 P.M OF FRIDAY, THE 18th DECEMBER, 2015.
