No. 128

Date 20-3-2015

Department Establishments

ADJOURNMENT MOTION

Speaker Sir,

Date: 20-03-2015

I would like to move to discuss a matter of Public importance regarding the feelings of discontentment prevalent amongst the officers of Provincial Management Service group (A cutting of newspaper report also is attached). This discontentment is prevalent on account of their bleak prospects of promotions and having no opportunities for their carrier development. More than 450 officers are currently working across the Province in this group, and their promotions have been due since long but they are not being given their due share. Looking at the importance of the issue, I move that the routine agenda may be suspended and a detailed debate may be held.

Pl. put up immediately.
