**Subject: PROCUREMENT OF POLYCARBONATE CARDS FOR DRIVING LICENSE AND COST OF CARD.**

Respected Sir,

Please refer to the subject noted above and to find enclose herewith bid evaluation report and all detailed documentation of NADRA's most recent procurement of polycarbonate cards for CNIC (February 2024) and to state that being Assistant Director (IT), I feel a strong responsibility to make your good self aware of the most recent actual cost of polycarbonate cards being procured for driving license as the current ongoing procurement of polycarbonate cards has huge financial implications for the government exchequer. The provincial government is already going through a serious financial crunch and under these circumstances, I want to make your good office aware of the factual cost which is 45 cents per polycarbonate card (equivalent to 125.21 PKR) as evident in the NADRA's bid evaluation report of procurement of 02 x million polycarbonate cards for national identity cards.

I am sending this letter in a good faith and with an utmost positivity and responsibility so that your good office does not end up buying these cards at an escalated price which may potentially lead to future inquiries for the department. Being Assistant Director (IT), I feel responsibility to make all members of the procurement committee aware that any financial bid exceeding this per card cost will be an escalated price and no such higher financial bid may be entertained in the larger interest of the public and government exchequer.

Yours faithfully,

Subject: **PROCUREMENT OF POLYCARBONATED SMART CARDS FOR DRIVING LICENSE AND COST OF CARD.**

Refer to your letter NO. DLB/Pesh/180-82 dated 06-05-24 and to state that Directorate of Transport, Khyber Pakhtunkhwa, and Procurement Committee acknowledge and value observations based on factual evidence, assuring to enhance transparency, however in the subject letter you annexed technical evaluation report of NADRA's recent procurement and recommended using the rates mentioned therein for procuring polycarbonate smart cards in Directorate of Transport ongoing procurement. This shows a deficiency in your technical proficiency and knowledge within your field, as well as incapacity to grasp information effectively. First and foremost, the annexed technical evaluation report pertains to the procurement of polycarbonate smart cards for Somalia (NATIONAL IDENTIFICATION REGISTRATION AUTHORITY - NIRA) Project and the rates quoted there cannot be directly applied to procurement process of Directorate of Transport due to differences in specifications and quantity of Cards. Secondly, as per the **Rule 39 of Khyber Pakhtunkhwa Procurement Regulatory Authority (KPPRA) Rules 2014**, (1) All bids shall be evaluated in accordance with the evaluation criteria and other terms and conditions set forth in the bidding documents. (3) A bid once opened in accordance with the prescribed procedure shall be subject to only those rules, regulations and policies that are in force at the time of issuance of notice for invitation of bids. Furthermore, Directorate of Transport has notified a procurement committee tasked with evaluating such matters and making decisions based on merit in light with **Rule 32-B of KPPRA Rules, 2014** that highlights the functions and responsibilities of Procurement Committee. It is not within your purview to interfere with the responsibilities of this committee. **Section 15 of KPPRA ACT, 2012 and Rule 38 of KPPRA Rules 2014** clearly states that "The procuring entity shall keep all information regarding the bid evaluation confidential until the time of the announcement of the evaluation report" and this confidentiality is vital to ensure the integrity and fairness of the procurement

process. Your interference in the procurement process prior to the announcement of bid evaluation report further raises major questions about your conduct.

Moreover, your repeated attempts to intervene in the procurement process through letters are unwarranted and unacceptable. Your history of involvement in procurement matters has not been satisfactory, leading to your exclusion from the procurement committee through order NO.DIR/TPT/1-58/1138-45 dated 08-03-2024 based on findings from the inquiry report submitted by Provincial Inspection Team. The report accuses you of conducting faulty inspections of cards, which undermines the integrity of the procurement process. Your suggestion to procure cards at a rate (Rs.125.21) in your letter, despite your involvement in previous procurements at a much higher cost (Rs. 302), along with allegations of faulty inspection, further undermine your credibility in this matter.

You are therefore directed to cease your disruptive actions immediately. Failure to do so will result in the initiation of strict disciplinary measures against you.
